

Geography -Year 8 June 2019 Exam Overview

Questions:

You will be required to answer all questions!

The list of topics, along with case studies, that you need to focus your revision on are as follows:

-Rivers

River landforms (upper, middle and lower), including valleys.

Leveés.

Waterfalls.

Flooding (causes and effects).

-Development

Differences between Advanced Countries (ACs) and Low-Income Developing Countries (LIDCs).

Types of aid and debt relief.

Trans-national companies (TNCs).

Rostow model of development.

Bottom-up and Top-down strategies for development.

- Tectonics

Structure of the Earth, including oceanic and continental plates

Remember for all questions you will need to make references to **case studies** where possible. A **case study** is an example of a **real place or example** we have looked at within the lesson. The more **factual** information you have about this case study, the marks you will be awarded. Case studies provide **support and evidence** for your answer.

If you want to go over any of the topics or would like resources to help revise please see you class teacher. Good Luck!
