

Earn. Learn. Bring energy to life. Electricity Distribution Craft Apprenticeship

Earn from £15,388 per annum | Midlands, South West, Wales

Join a 6,700 strong team serving communities of more than 8 million people, power up your career AND earn a competitive salary.

Working outdoors with underground cables, overhead lines and substations that operate between 230 and 132,000 volts, our expert teams keep the lights on for our customers in the Midlands, the South West of England and South Wales.

And as net-zero targets continue to revolutionise the way that people heat, light and fuel their homes and vehicles, our role continues to evolve, making for exciting career opportunities with the UK's leading electricity distribution business.

Ready to earn as you learn and get qualified as an Electrical Engineer?
