**Year 7 PARENTS/CARERS**

Dear Parent/Carer

**GO 4 Schools**

We are welcoming you to Go 4 Schools, our on-line system for handling all of our data and records in school. Year 7 students have been logged into this system and have been issued with a card with their log-in details for both the school system and Go 4 Schools. I am pleased to inform you that all parents and carers are now able to access many of the modules within the system.

Using GO 4 Schools, you will be able to view your child's progress on-line and access the following information at any time:

- **Real-time attainment information** – effort and progress data to show how your child is doing throughout the year. Attainment data will be formally released three times each year;
- **Timetable** - your child's daily and weekly timetable;
- **Attendance** - shown from the start of the academic year;
- **Homework** - your child's homework tasks and information on whether these have been completed;
- **Behaviour information** - a summary of events.

Your child's page is constantly updated, providing you with the latest information.

You will also have access to this information via a mobile parent app. Additional help documents for the mobile app are available to parents and more information can be found at <http://www.go4schools.com/MobileApp.aspx>.

**Getting started:**

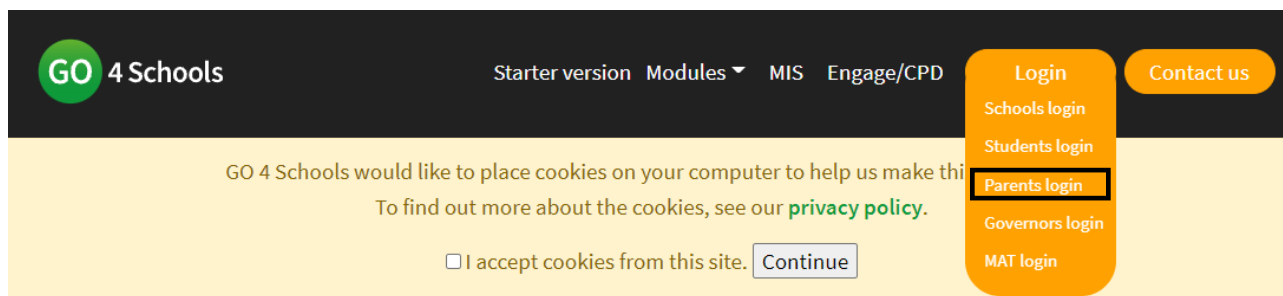

To access GO 4 Schools, please go to [www.go4schools.com](http://www.go4schools.com) and click on the Parents icon at the top of the main page to arrive at the log-in screen. If you already have a child who attends the school, you may have already set up your Parent/Carer account. In this instance, please log on using your registered email address and password. The names of your children should be displayed on the overview screen. To create a new account please click on the 'First-time User' link shown over. The email address you use to enter this site must be the one we have registered in our school database for you. The email address this letter has been sent to is the email address we currently hold for you. If you would like to change this email address please contact the school. Click on 'new password'. A randomised password will then be generated and sent to your email address.

The system is fairly easy to access and use and I hope you quickly find your way around it. If you require any further assistance please do not hesitate to contact the school.

Yours sincerely

*A. Beer*

### GO 4 Schools Parent App

If your child's school uses GO 4 Schools, they can add the GO 4 Schools mobile app to make it even easier for you to see your child's timetable, homework, behaviour records, attendance, etc. What you will see depends on which GO 4 Schools modules your child's school has subscribed to. View the [Mobile App - Quick Start Guide](#) for further details.

The GO 4 Schools Parent App is free for parents to download from the Apple and Android App stores, but you will not be able to log in unless your child's school has a current GO 4 Schools subscription that includes the App, and they have granted you access. **Your child's school will let you know if and when they have added the App to the school's subscription.**

The App uses the same login details (email address and password) as this web site.

If you can't log in to this site, you will not be able to log in to the App. If you think you should be able to log in to this website but can't, please contact your child's school.

### Once logged in, what will you see?

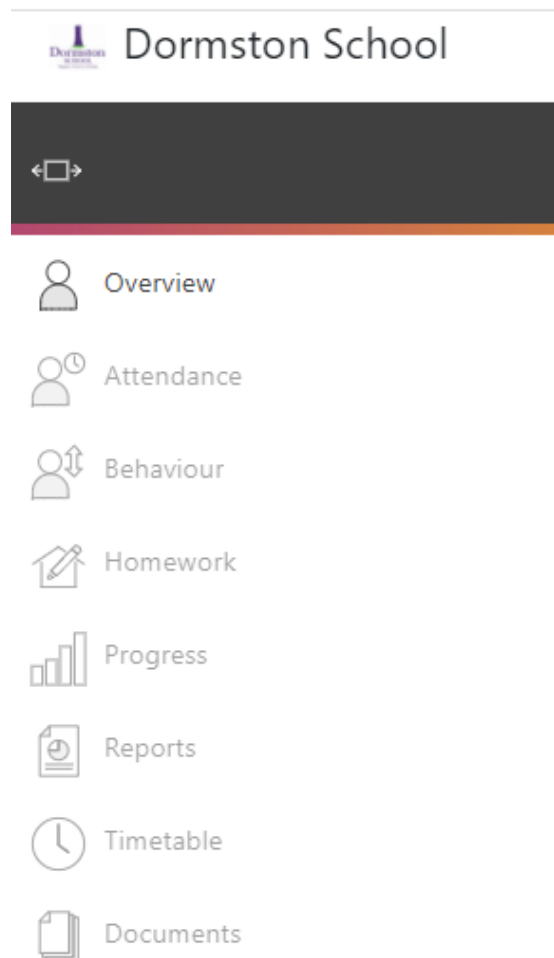

## Parent Overview Screen

When you log in you will see the name(s) of your child(ren) that attend the school

On the left hand side of the screen you can hover over the icons to display the modules within the system and the information you have available to you.

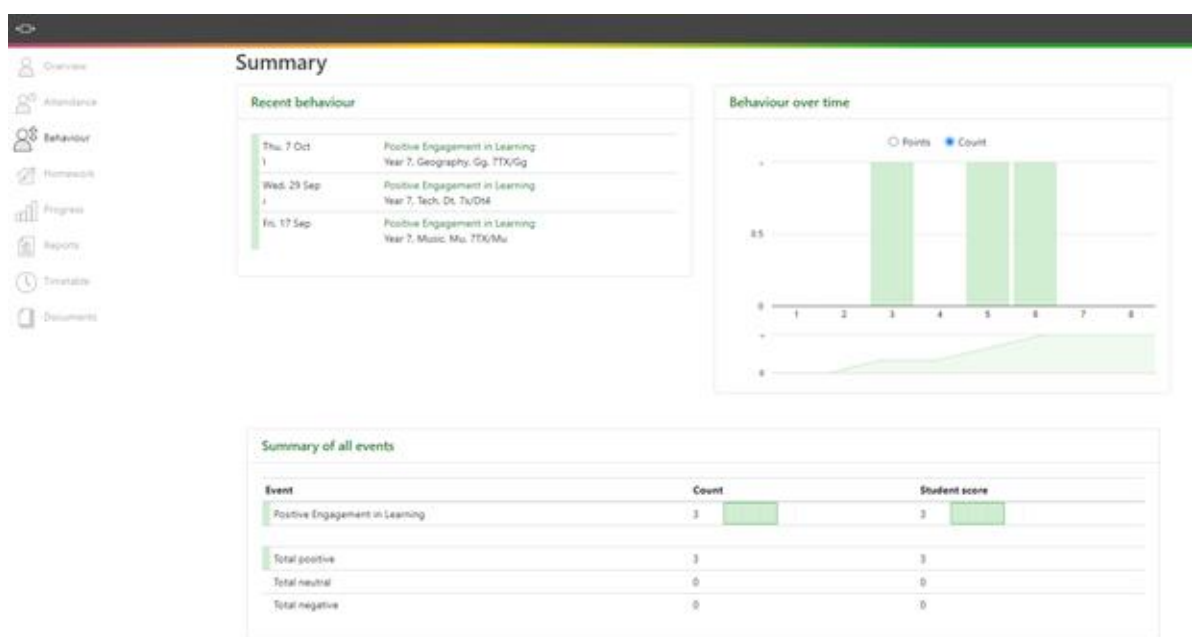

## Attendance Data

This information is always shown up to the previous day.

A chart displays the overall percentage attendance.

## Behaviour Data

The first table shows any recent behaviour records. The next table shows behaviour over time. The bar chart represents your child's weekly scores and the line graph shows their cumulative score. A summary of all events positive, neutral and negative is summarised in the below table. Further tabs include view behaviour events and a detention summary.

## Progress at a glance

This is a quick overview of your child's current progress against their target grades for each subject. A value of zero indicates that your child is on target, a negative value indicates below target and a positive value indicates above target. ***This is empty at the moment but the residual will appear after each data drop.***

Pupils will have a target of 'meeting' and subjects will assess your child throughout the year and say whether they are approaching, meeting or exceeding curriculum expectations in a specific subject.

More information will be provided before the first data drop.

## Progress Reports

This shows grades for your child as they were captured by reports and compares them against current grades. At the bottom of each report column you can access a report by clicking the 'View report' link.

Reports will be issued via GO 4 Schools at set times throughout the year. When your child's report becomes live on GO 4 Schools you will receive an email informing you that a new report is now available. You can then view the report and print it if you require a hard copy.
